

## ANNOUNCEMENT

### 2019 SEIGSC-WVU Invited Presentation by Industry Professional

*Morgantown, West Virginia -*

The Structural Engineering Institute Graduate Student Chapter (SEIGSC) at West Virginia University is pleased to invite the chapter membership for a guest speaker presentation on March 25, 2019 at 3 PM in Engineering Science Building, Room G83.

**Guest Speaker:** Daniel Estep, Project Engineer with Greenman-Pedersen, Inc. (GPI)

**Topic:** Role of Bridge Engineers - Tips for Success and Professional Licensure

**About the Speaker:** Mr. Daniel Estep is a registered professional engineer and WVU alumnus with five years of experience including bridge design and analysis, bridge rehabilitation, bridge inspection, overhead sign structure inspection, retaining wall design, and culvert design. Mr. Estep has served as Assistant Project Manager, Project Engineer, and Team Leader on numerous bridge projects ranging from complex, multi-span bridges to short and medium length girder spans for the Delaware, Maryland, North Carolina, Virginia, and West Virginia Departments of Transportation, the Pennsylvania Turnpike Authority, as well as a variety of private sector clients. He has performed a wide array of structural analyses on bridges including structural steel modifications and improvements and substructure concrete modifications and repair. As a bridge inspector, he has been responsible for performing field inspections of key bridge components including fracture critical member identification and inspection.
